LEXINGTON, LAFAYETTE COUNTY, MISSOURI, FRIDAY JULY 27, 1917.

NUMBER 30.

WAVERLY ELEVENTH STRAIGHT VICTIM

One Luscious Inning Netted 5 Runs, Final Score 7-0.

Waverly came Sunday, played nine innings, made four hits, two errors, several brilliant catches, no runs, and returned to Waverly fully convinced that the Athletics made seven hits, seven runs, one error, one home run with three on, and won the game 7 to 0. With the exception of the fifth inning when the Athletics made five runs, the game was a very interesting contest.

The feature of the game was the breaking of Joe Howe's pet bat, the one he had expected to use in the game over in France.

Evan Calvare Found Dead.

Tuesday about 6 o'clock a. m., when Thomas Zimmerman went into Taubman's pasture to get his horse, he found the body of Evan Calvare. He had a bullet wound in his chest presumably inflicted by a twenty-two caliber rifle which was lying by his side. Mr. Carver had borrowed the rifle from a neighbor Monday evening for the purpose, as he then stated, to hunt squirrels. He had been in ill health for some time which is believed to be the cause of the act.

Mr. Calvare was born in France and was 54 years of age. He came to America thirty years ago. Besides his wife, he is survived by two sons, John and Peter, and one daughter, Virginia.

The funeral service conducted by Rev. Richard W. Wallace, was held at the home Wednesday afternoon at 3:30 o'clock.

Henry Puckett Injured in Mine.

Henry Puckett, a rail setter in the Graddy mine had the misfortune to have his left leg badly crushed Monday night while at work. The accident happened about 8 o'clock. He was taken immediately to a hospital in Kansas City for treatment, and was accompanied by Dr. B. T. Payne.

Barn And Contents Burned.

The barn on the farm of W. H. Waddell, Jr., about eight miles southeast of Lexington, burned Saturday night, together with ten or twelve tons of hay and about 300 bushels of corn. The loss is partly covered by insurance. The cause of the fire is unknown.

John B. Ashley of Pueblo, Col., spent a few hours in Lexington yesterday calling on old acquaintances. Mr. Ashley is a son of the late Washington B. Ashley and was born in this county. He left here forty years ago and settled in Colorado, where he first engaged in mining and afterwards in railroad engineering; the latter being his present occupation.

Resolutions on the Death of Miss Mary C. Henry, Adopted by the Woman's Club.

Whereas our heavenly Father in loving compassion and infinite wisdom has called to her heavenly home our beloved sister

Be it resolved, that in her death our Club has lost a faithful and devoted member; indeed the one to whom the Club is most indebted for its very existence.

May her beautiful Christian character be an inspiration to us.

"None knew her but to love her, None named her but to praise."

Our loss is her gain. Let us think of her only as reveling in the joys of the New Jerusalem, forever free from sin, sickness and strife. While we mourn her loss, we bow in humble submission to the will of Him who doeth all things well.

Resolved, that this tribute be recorded in our minutes, in the daily papers, and sent to her brother.

JULIET YOUNG,
MRS. C. T. RYLAND.

THIS is Thomas A. Edison, who, although seventy years of age, is now working eighteen hours a day for his country without pay or thought of reward. He is setting his fellow Americans a splendid example of patriotism. His work is being done secretly, but it is probably true that the nation is placing more reliance on Mr. Edison than on any single man except the President. Mr. Edison is conceded to be the greatest inventor the world has ever known. The New Edison, which the New York Globe calls "The Phonograph with a Soul," is Mr. Edison's favorite invention. It is the achievement in which he takes the greatest pride. Do you believe that there is any other man in the world, or any group of men, who could invent as good a phonograph as Mr. Edison's new phonograph?

The NEW EDISON

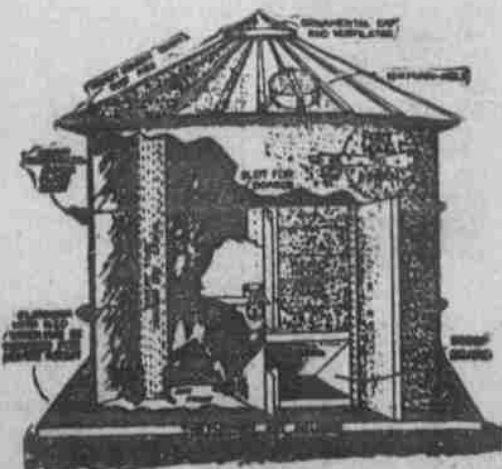

"The Phonograph With a Soul"

This wonderful new instrument is built by expert workmen under the direction of highly paid technical men in accordance with laboratory standards established by Mr. Edison personally. Do you believe that any talking machine factory could make as good a phonograph as Mr. Edison's Laboratories make? If you like music—and who doesn't—you will sooner or later have a sound-reproducing instrument in your home. It is worth something to know which is the best.

WE don't ask you to take our word; we merely ask you to make a test. Come to our store; let us give you the names of the artists whose voices have been Re-Created by the New Edison and who also make talking machine records. Then if you please, go to a talking machine dealer's store and listen to the talking machine records made by these artists. Afterwards return to our store and listen to the New Edison's

Re-Creator of the voices of the same artists. If you would like to put the New Edison alongside of a talking machine when this test is made we shall be glad to send the New Edison to your home without any obligation or expense on your part. If you can get the talking machine dealer to do as much, then you can make the comparison at your leisure and convenience in your home.
